<p>6. Explain in detail why it is not practicable or not advantageous for the Program/Division to procure by competitive means:</p> <p>During the 2013 fiscal year, in an effort to improve court security at Hoapili Hale, a decision was made to replace the existing obsolete video surveillance system. At the time, several cameras were not operational and the system was not able to record video images. A procurement was conducted through HePS and Security Resources Pacific, Inc., was selected as the vendor. In September of 2013, the replacement installation included eight (8) multi-view cameras, five (5) fixed-view cameras, one (1) professional grade video recorder, and two (2) CPUs with 24" LED Monitors at Hoapili Hale. Included in the procurement was a two (2) year maintenance agreement which will expire on September 1, 2015. In order to continually support and maintain the system in peak working condition, another one year maintenance agreement is highly recommended.</p> <p>Security Resources Pacific, Inc., as the original installer, has the knowledge and technical expertise necessary to maintain the system and has consistently performed well during the service and repair work in the past.</p>	
<p>7. Explain in detail, the process that will be or was utilized in selecting the vendor/contractor/service provider:</p> <p>This exemption request to purchase a one (1) year maintenance agreement from Security Resources Pacific, Inc. is based on their knowledge and expertise to service the existing system and to retain the product warranty and guarantee of the original system that is currently in place and for proposed and approved system upgrades, reference Judiciary Purchase Order Number(s) R81108 and R83362.</p>
